

GoToMyPC®

Access Your Mac® or PC from Anywhere

Key benefits

- Access your files, programs, email and network resources from anywhere.
- Increase your flexibility and productivity.
- Work on your office computer from home or while traveling.
- Improve your work/life balance.

GoToMyPC is the fast, easy, secure way to instantly access your office Mac or PC from any Internet connection.

Fast. Simple. Powerful.

With GoToMyPC it just takes a click to instantly work on your computer in real time – it's like you're sitting right in front of your computer.

1 EASY Setup
Download GoToMyPC. Setup is automatic and takes 2 minutes. Leave your computer on and connected to the Internet.

2 UNIVERSAL Access
Log in to www.gotomypc.com from any Internet connection in the world. Click Connect, and your computer desktop will appear in front of you.

3 INSTANT Productivity
Start working on your computer as if you were sitting in front of it – even if you're thousands of miles away.

Ease of Use: GoToMyPC is the ultimate combination of speed, reliability and simplicity in a remote access solution. Setup is automatic (there's no extra hardware or software to install), no training is necessary and free customer support is available 24/7.

Anytime Access: With GoToMyPC, there's no reason to be stuck in the office late nights and weekends. Leave when you want, log on from home and finish your work when it's convenient for you. Or just skip the office altogether and work from home.

Secure: GoToMyPC is as secure as online banking. Every connection is protected by government-standard end-to-end 128-bit encryption and other optional security features. You can be sure that your critical data is always safe and secure.

Features

Mac® and PC Access*: Connect to your Mac or PC from any Web browser on any operating system.

Optimal Performance: Connect to your Mac or PC in seconds and enjoy fast in-session performance.

Citrix-Backed Reliability: GoToMyPC is backed by Citrix global datacenters, so you can count on your sessions working flawlessly every time.

Automatic Setup: Plug-in automatically launches, installs and configures itself. Even novice users can be set up and ready to go in minutes.

Universal Viewer: When you connect to your computer, the Viewer window launches automatically, allowing you to view and control your Mac or PC from any computer. No pre-loaded software required.

Security: Every GoToMyPC session is protected by 128-bit encryption and dual passwords.

Remote Printing: Print documents to any printer wherever you happen to be. You can also use the printer connected to the computer you are accessing.

File Sync and Transfer: Synchronize files and folders between your computer and any remote computer with just a click, or transfer files and folders from one computer to another by simply dragging and dropping between screens.

Sound: Hear sound at any remote computer with customizable audio settings. Automatic muting on the computer you are accessing remotely means sound can only be heard by you.

Guest Invite: Invite a second person to temporarily view or share control of your computer.

Multi-Monitor Support: Use GoToMyPC with multiple monitors connected to a single computer.

*Features not yet available with Mac support include Guest Invite, Sound, File Sync and Transfer, and Remote Printing.

Sign up – free for 30 days

See for yourself how GoToMyPC can make you more flexible and productive – go to www.gotomypc.com and click **Start a Free Trial of GoToMyPC**. You'll receive unlimited access to 1 Mac or PC for 30 days.
